Yes/No Questions

Measurement Form

Record all "yes/no" questions asked of the student. Write the question the same way it was asked. Check whether the student responded "yes" or "no". If the student does not give a response, make a note under comment. If you ask the question again, list it on next line as 2nd, etc. time in sequence. Make sure to record modification(s) to the question, if any, when it is repeated.
