

**Applied Activity For Module 2  
PISP Website Learning Modules  
IEP Activity**

**Coach: Terry Wendorf**  
twendorf@sd61.bc.ca

- Submit to your coach for this section, the IEP for your student that reflects their strengths and needs and their Goals and Objectives. **Student name and school demographics should be altered to ensure the privacy of your student.**
- Provide at least 3-4 annual goals for your student to a maximum of 6 goal statements.
- Provide at least 8 objectives for your student to a maximum of 10.
- Note: you should send a draft of your student's IEP to your coach for feedback at least 2 weeks before this assignment is due, so that you can make necessary changes. This is the best way to learn to write good IEP objectives in this module.

- You will be graded on the following:

\_\_\_ Well written Global Statements or annual goals that are not too specific and reflect your student's goal area.

\_\_\_ Provide at least 8 objectives for your student that reflect:

- detailed student focused statements
- measurement components that make sense and are do-able
- objectives that describe exactly how the student will perform the skill

\_\_\_ Detailed strategies that reflect what the team and especially the assistant will do to help the student practice the skill/objective in different activities and situations.
