

## **Request For Recent Video Of Student**

To help us prepare for the upcoming follow up visit, please make a video on VHS tape or DVD of the student working on his/her skills as outlined in the planning tools section. You should feature what is working for the student and where you are experiencing challenges.

This video should include:

- switch work
- choice making
- greetings & social interactions with peers
- hand use (if appropriate)
- mobility (if appropriate)
- mealtime (if fed orally)
- classroom involvement

Please mail this video along with your team's questions for this visit to:
