

JENNY'S MONTHLY DATA COLLECTION & DAY PLAN

Objective Obtained (yes - √ No - X)	M	T	W	T	F	M	T	W	T	F	M	T	W	T	F	M	T	W	T	F	
1. Smile in 8 secs.																					
• "More" in 8 secs.																					
• Look at me in 8 secs.																					
• Open mouth in 8 secs																					
• Bite Chew Tube in 8 secs																					
2. Intentional V/G/B 3 times																					
3. 3 times V/G/B in 1 hr																					
4. Return greeting in 8 secs.																					
5. Holds object for 90 secs.																					
6. Switch used in 8 secs.																					
7. Look person/object for 5 secs. 1 prompt																					
• Track object at least for 3 secs.																					
• Gaze person/object for 5 secs.																					
8. Open mouth chew tube w/1 prompt																					

Communication/Social Objectives

1. Jenny will follow simple requests within 8 seconds:

- smile
- say "more"
- look towards me
- open your mouth
- bite on the Chew Tube

2. Jenny will show by her facial expressions, eyes, vocalizations, and body language (V/G/B) that she anticipates 3 familiar upcoming activities within her day.

3. Jenny will increase her intentional use of vocalizations, gestures and body movement to communicate, as measured through frequency counts.

Baseline:

4. Jenny will look towards the person greeting her to say "hi/bye", within an average time of 8 seconds, without prompting.

Gross Motor Objectives

5. Jenny will hold onto objects placed in her hands (that vary in texture and temperature) within functional activities for 90 seconds, 80% of the time.

6. Jenny will activate an ultra-lite switch, positioned on her right cheek within 8 seconds.

7. Jenny will more consistently use her eyes with only 1 verbal prompt by ...

- looking in the direction of a person or object of interest within 5 seconds
- tracking an object of interest within her visual field for 3 seconds
- increasing the length of time she will look at people, objects, different visual information from ___ secs. to ___ secs.

8. Jenny will actively participate in her oral motor program by opening her mouth and biting down on the Chew Tube with only 1 verbal prompt, 80% of the time.
